

On 23.12.09, in connection with creation of the Donors' Club at Sokhumi State University, the Minister of Healthcare of Autonomous Republic of Abkhazia Mrs. Dalila Khorava visited the University.

Presentation of organization took place at the University by representatives of the Donors' Club. All the interested persons had been acquainted with the problems in the sphere and with the ways of its solving. The initiative of the event originated from the students of the University. Their wish is to contribute to the elimination of deficiency in blood at the Blood Depots.
