

Professor Joni Apakidze will take Part in International Scientific Congress

The Rector of Sokhumi State University, Professor Joni Apakidze will take Part in International Scientific Congress “World without borders – Science without borders” organized by Societas Humboldtiana Polonorum in Torun (27.06 - 1.07.2010).

The Congress offers a worldwide discussion on relation between the different disciplines of science and the impact of the environment on the human activity and the civilization development. A lot of excellent scientists, not only Humboldtians, representing various scientific disciplines have been invited from Poland and abroad.

Through the 350 participants will be about 40 lecturers from abroad and representatives from many Humboldt-Clubs of Europe. The Humboldt –Foundation will be represented by his President Prof. Helmut Schwarz.

On June 28 Plenary session Professor Joni Apakidze will deliver report “New International Archaeological Excavations in Troia”.
